LOCAL FIRM GETS VALUABLE AGENCY

Local citizens who have heard of the amazing results which have been accomplished by Sargon will be interested in the important announcement that this new and scientific formula can now be obtained in this town.

Manufacturers of this "revolutionary" medicine have followed out the policy of selecting outstanding firms as exclusive agents in every city where it has been introduced.

Leading druggists everywhere have acclaimed it as a triumph in the field of modern chemistry and have been eager to be among the first to supply it to their trade.

Never before in the history of the world has the progress of Medical Science been so rapid. One important discovery after another has been made which will have a far-reaching effect upon the health and well-being of mankind. Some of these discoveries are startling in the extreme and absolutely disprove many of the beliefs, practices and theories we have known for a life-time.

As scientific investigators learn more and more about the human anatomy; the practice of medicine changes—the old is discarded for the new.

As a result of this world-wide medical research, Science has learned that good health is largely governed and maintained by three vital organs and fluids of the body.

What is more important, we have learned that these organs and fluids can often be aided and strengthened by certain basic elements.

Having knowledge of these important discoveries, one of America's leading biochemists succeeded, after two and one-half years of laboratory research, in combining many of these basic elements in one formula—which may well be considered one of the greatest health-sustaining remedies of the age.

It is called Sargon. This formula and the formula for Sargon Soft Mass Pills, which are an essential and integral part of the treatment, are the property of the Sargon Laboratories and can be obtained by no other firm or individual in the world.

This new scientific treatment, which represents much of our latest knowledge on modern therapy, has been acclaimed by druggists throughout America as a triumph in the field of pharmaceutical chemistry.

With the needs of their customers up- permost in their minds, leading druggists everywhere have been eager to be among the first to supply it to their trade.

The exclusive agency for Sargon and Sargon Soft Mass Pills for this town and section has been awarded to Ashton's Drug Store.

Mr. Sarah York had her paper changed at home on the Sunday after spending a pleasant winter with her grandsons, Hunt and family in the village. Mr. York enjoys spending the summer at his home and is planning to have the building painted this season. She showed us a fine picture of her four generations including her daughter, Mrs. Jesse Edwards, her grandsons, Arthur Hunt, and his wife, Mrs. York. They have a picture of the four generations with her granddaughter, Mrs. Emogene Staines and her son.

A near collision occurred the other noon in Printing Office Square. A car came down Main street at a fast clip and at the same time a car at break neck speed came out Bridge street onto Main street. The car was a challenge to the "stop sign". One car happened to get there a trifle ahead of the other and both went humming down the street, otherwise the story would have been different. Many people heed the stop signs and expect others to, yet there are others who pay no attention to them. If you don't believe it, watch a "stop sign corner" for a while and see for yourself.

The Portland Sunday Telegram quotes from newspaper files of seventy-five years ago, as follows:

"The people of South Paris and Norway are trying to outdo each other. Some days since, about a dozen South Paris young people rode on horseback to Norway. A few days later, the Norway folks returned the call to the number of 24. This was considered as a challenge by the South Paris folks so the call was returned by the South Parisians to the number of 30. Norway responded with a call by 100 equestrians. They were received by South Paris folks, headed by the village band. The Norway folks went off thinking they had won the field. Not so. By Wednesday the South Paris troop had increased to 304. They went to Norway and were received with three cheers. The Norwegians handsomely 'acknowledged the corn' and furnished refreshments for the whole crowd. Thus matters rest."

Baptist
Thursday: C. E. Topic, "Why We Believe We Live Forever." Leader, Minnie Harnden.
Sunday: Morning and evening preaching services at 10:45 and 7, in the church. Sermons by the pastor, with special music by the choir.
Bible school at 12. Come and join us.

Methodist Episcopal
Easter Sunday, 1930, at the Methodist Church will go down as a Red Letter Day. In the first place, the two choirs were at their best and their combined efforts contributed largely to the glory of the occasion. At the morning service, pastor Singleton saw the travail of his soul as eight members of the Junior Choir in their white robes, stepped off the pulpit platform and knelt at the altar of the church as the pastor spoke in a dedicatory nature and as they knelt, offered a prayer of consecration. The youthful singers consecrated their voices and their lives to the Master's use and to His church.

There were eleven baptisms and seven other consecrations, making fifteen consecrations in all as three boys consecrated themselves before the altar at the evening service.

The Woman's Foreign Missionary Society will meet this week, Friday evening, at the home of Mrs. Minola Aldrich, time 7:45.

In the absence of services at the Methodist Church next Sunday, the members will visit the sister churches of the town. The teachers, officers and scholars of the Sunday school are also urged to visit the other Sunday schools.

Sunday, May 4th, the Odd Fellow Rebekah Lodges of Norway and South Paris will attend special services at the Methodist Church and Pastor Singleton will deliver a special message on the "Significance of the Three Links of Odd Fellowship." There will also be special music by the choir under the direction of Dr. H. Tyler.

Sunday evening there will be a special service and message to the slumbers by the pastor.

The members of the Ladies' Aid and any others interested are invited to a church housecleaning on Wednesday, April 24th. Anyone who can come for the day will bring a lunch and the Aid will furnish hot coffee. All others can give what time they can, forenoon or after dinner.

Preserving of special mention in connection with the Easter Sunday service at the Methodist church was the beautiful floral display of flowers and plants. One large bouquet of mixed flowers, forming the centerpiece, was in memorial to Miss Etta Noyes, who died April 8th, 1929. This was provided by Miss Noyes' sister, Mrs. Wealthy Horne, and will be an annual gift of love to a Sister, whose glory shines brighter and brighter as the years go by. The decorating was in charge of the "Win One Class" of ladies, of which Mrs. Carrie Philbrook is the teacher. Their work came in for much well merited praise.

A good will supper is to be served for Pastor Singleton at Community Hall, Thursday, April 24, at 6:15 p. m. In the menu will be peas, baked beans, pastry, etc. The townspeople who want to show their appreciation of Pastor Singleton's services during the three years in Norway, may do so with tickets. There is a large advance sale. Tickets can be procured at the door.

Universalist

A large attendance was present Easter Sunday to enjoy the fine services and beautiful decorations arranged by Mr. Beck and Mr. Cummings and their helpers. Many were present Wednesday evening at the farewell reception given Mr. and Mrs. Allen. In the receiving line with Mr. and Mrs. Allen were Mr. and Mrs. Hugh Pendexter, Mr. and Mrs. Bert L. Hutchins and Mrs. Leah Sanborn. After a program of music and readings, remembrances were presented Mr. and Mrs. Allen, by Earle Pierce, in behalf of the Y. P. C. U. and by Mr. Pendexter in behalf of the parish.

The Ladies' Circle will meet Friday afternoon at the home of Mrs. Stephen B. Cummings, when there will be work for all.

Tuesday evening the ladies served a public supper, which was followed by a lecture on Hawaii by Miss Lottie L. Tilton, who has spent much time in the Hawaiian Islands, as well as traveling all over North America. She appeared in the native dress of the women in that country and after telling of some of the customs, bedecked herself with long "chains" of flowers, which is the custom of the people every morning. Her description of the Islands was very vivid. She showed some native cloth and necklaces and all felt better acquainted with Hawaii than ever before.

Congregational
Easter services last Sunday were largely attended. Potted plants, cut flowers, and ferns banked the platform and added to the impressiveness of the services which included the christening of babies and the reception of new members. Special Easter music and a sermon, "Looking Forward" by the pastor. In the evening the reading, "In the Garden" by Mrs. Esther Anderson was finely rendered with special music by the chorus.

Rev. P. A. Allen of the Universalist Church will be the speaker at the 11 o'clock service, Sunday morning, in the absence of the pastor, Rev. Raymond Morgan.

Nevertheless, if we get anchored, this bunch can pick up a Ford and turn it around. Just this side of the high bridge they saw a Ford, besides the road that had evidently been recently parked, however we kept going right over the top and over the hill and came out on the other side through Milton without a stop. The boys said the Concord river is piled high with pulp wood, for more than two miles, that came from the Potter Davis cutting. Olpha returned by the way of Bryant's Pond.

South Paris
(Continued from page 1)

South Paris Made a Clean Up
South Paris high school landed Norway high school a whitewash 24-0 in the first ball game for the season.

The game was played Patriots Day on the high school field as an exhibition and attracted a good number of spectators. Paris jumped hard on the visitors in the first inning and for five frames pounded the slab artists at will. Norway checked up four twirlers in a struggle to check the avalanche of extra base hits. A cluster of poor throws and clumsy fielding was no help in stemming the tide. Without the ability to hit Norway had small chance to start runners on the circuit.

Paris hung up 19 hits with a big total of bases to their credit, and put out good baseball in the fielding. Summary follows:

He is a former Methodist minister and said he withdrew from that denomination to independently preach a doctrine of divine love for all men, and not eternal torment.
